

WES ROACH (-8)

WES ROACH: I putted nicely, hit a lot of good shots. Yeah, overall, pleased with the start.

Q. The wind seemed calm early. It just picked up there at the end there, didn't it?

WES ROACH: A little bit. I mean, it blew some early. It didn't blow near as much today as it had the last couple days around here. But yeah, the course is a little bit more gettable with the wind laid down a touch.

Q. Talk about the hills on this golf course and how you factor those in along with that wind.

WES ROACH: Yeah, my caddie's done a good job of getting all the numbers right with all the ups and downs and the hills. We just kind of tried to get as dialed in as we can with a target line off the tee, some of those shots. I mean, it just comes down to hitting good shots, quality shots and executing.
